AVVA National Awards Committee Report

April 2020

AVVA National Awards Committee:

It's an honor to Co-Chair the AVVA National Awards Committee. National sends out the announcements to all AVVA members to nominate their members for national awards and we've been re-sending this out to Region 7 as well as to other areas.

These messages were widely distributed to all chapters and we have also included them on the region 7 face book page. There have been notices on the National Face Book page as well. The readership is unlimited via social media throughout the country to help disseminate this information. Highlighted for this year, submitting for National AVVA Member of the Year is now easier and anyone can nominate their members.

We want to point out to the readers that you can go to the national website: <http://www.avva.org/awards.html> for the information you need to nominate your fellow AVVA members for any of the national awards, regardless of what unforeseen circumstances may come up. The deadline to send a nomination is May 10th. PLEASE consider this carefully. So many people need to be recognized.

We will continue to spread the word to recognize the hard work among our membership.

Respectfully,

Teresa Rangel
AVVA National Awards Committee
Co-Chair

Rick Talford
AVVA National Awards Committee
Co-Chair
