

Condolence Committee Report

The committee is continuing the mailings. The envelop[es from Father Phil seem to be smaller and I hope this means the loss of members has become slower.

We do send to specific members or people important to AVVA or VVA. If you have someone that you think should receive the card prior to Father Phil sending it out to me or someone in another organization that is important to our whole organization, send the info to Joanna. She will send it on to me unless she has questions for you.

God bless you all,

Fran Files Davis
AVVA Region VI Director
