

Incorporation Report: by Bobbie Morris
2019/2020

Updates on our Process from a 501c4 to a 501c3

Incorporated Chapters and States completed the necessary documents which was approved from the State they reside.

July 15, 2019, all documents was submitted to the IRS.

In January of this year we received a letter that an agent from the IRS was assigned to our case.

In this letter a request was made for more information by the IRS, and we met their deadline in February with the additional documents.

In the last week we received another letter from the IRS with more requests as stated.

We are gathering what we need so we can submit everything IRS has ask for in the letter by the deadline as requested.

I would like to say Thank you to the Chapters and States for your cooperation, patience and working together in getting this done.

New Inc. Congratulations!
