

## **PAPER SAFE REPORT**

**Nancy S. Switzer, Co-Chair**  
**Mokie Porter, Co-Chair**

**JULY 1, 2020**

The Paper Safe continues to be an outstanding program for AVVA that is much needed and wanted. The Paper Safe is an estate planning for veterans and their families and consists of documentations, medical issues/reports, VA and medical reports, numbers, Will/DD214 and banking information so that when something happens the family knows right where to go for funeral arrangements and other important documents they may need.

Last October 2019, the Paper Safe was revised because of updates, phone numbers changed, etc. When it was finished, we received numerous requests. Unfortunately, due to the Covid 19 pandemic, the requests stopped all together.

Printing and shipping costs have increased tremendously. We are asking anyone who wishes and can afford the cost of shipping, to help us by making a donation to Associates of Vietnam Veterans of America, 8719 Colesville Road, Suite 100 Silver Spring, Maryland 20910. In your line for “memo” please write “Paper Safe”. As people order them, we will find out how much the cost will be and let the requestor know.

We also have a new way of ordering the Paper Safe. On the AVVA.org website we have a new form under programs “Paper Safe”. Click on “Paper Safe Order form”. All you have to do is fill the form out and the requests come to, [Switzer3@frontiernet.net](mailto:Switzer3@frontiernet.net). It really saves time and then we have an accounting of the request.

We thank you all in advance, and please spread the word, we miss getting these out to our veterans and their families – it is of utmost importance to our organization to help our families have a smooth transition. Please spread the word. Thank you.
