

Strategic Planning Committee

October 5, 2020

Nancy Rekowski, Chair

At the April 2020 Board of Directors meeting, the strategic planning committee suggested to the board that a work group be assembled to prepare for meeting the challenges of maintaining a perpetual organization long after VVA suspends business. Also proposed was the preparation of an official report (white paper) to be presented to the members and delegates at the 2021 national convention. Our members need to know the direction of AVVA after the closing of VVA. Our members also have the right to have their voices heard in the decision-making process. With the proper preparation and presentation to our delegates and members, we can answer their questions, calm their fears of being possibly obsolete and guide them into the future as a standalone organization.

To speed the process the committee will make a formal motion to set up a workshop ad hoc committee within the strategic planning committee.
