

BY LAWS COMMITTEE REPORT

April 2025

The by laws committee lost a member but has replaced the member with another very knowledgeable member and an advisor. After several meetings, the bylaws are almost ready for the board meeting. These hiccups should be taken care of this next week.

By Laws Committee Chair

REGION III REPORT

April 2025

Region III grew by Three members last month and we have another incorporated chapter. I did a PTSD2 session at the American Legion winter conference in Ky. In Jan. This was very well received and many said they wished they had had this information sooner. I am now working on our Military Child Day Program.
