

The AVVA National budget for 2021-2022 was presented and approved at the January 2021 AVVA BOD meeting.

In the past few weeks I have worked with the Finance Committee members and Cecilia on a couple of changes to the Policy & Procedures concerning the Finance Committee.

The end of the year budget to actuals have been reviewed.

Next month, I will send out the reminders to the AVVA incorporated chapters and states to file their 990 tax forms. A copy of the accepted 990, along with their financial report, need to be sent to National AVVA. These forms are required to be filed annually. This year is especially important, because 2021 is a convention year.

Thanks again to the committee members for their help.

Kathy Mattingly

AVVA National Finance Chair
