

HELPING HANDS GRANT

Erie County Veterans Memorial Park, Inc. (ECVMP) submitted to Helping Hands their proposal for the Grant. They were formed as the umbrella organization for the five monuments erected by five individual Veteran organizations at the intersection of State Street and Glenwood Park Avenue in the City of Erie. In 2023 ECVMP will begin construction of ADA compliant walkways and a parking lot, providing safe, easy access to each of the memorials. This will be an ongoing project for the ECVMP to continue to provide maintenance for the entire property, in perpetuity, through an endowment at the Erie Community Foundation.
