

FINANCE COMMITTEE – April 2023

The Finance Committee has been actively involved in developing the 2023/2024 budget. Changes were implemented to make the budget process a little easier. Response to these changes is very positive.

Board members and committee chairs have been provided copies of their respective budgets. These and the complete budget are ready for board approval. Finance Committee Chair, Susan Price, is submitting the FY 2024 budget at the April Board Meeting.

Regards,

Susan Price

Finance Committee Chair
