

PAPER SAFE REPORT

April 7, 2023
Nancy S. Switzer

It has been an awful time for my family this past one and a half years but 22 years of seeing my husband suffer with the effects from being exposed to toxic exposures in Vietnam. He was on the Paper Safe committee and was the delivery man since it was started taking boxes to the UPS for all the requests that have come in to me from all of you.

Whenever he went and saw a veteran or spouse he would explain what it was and would send them one. At the time of his death on November 5, 2022 it was my time to get his Paper Safe and review all the data I needed for debt cards, people to call and their numbers for the house repairs, insurance numbers and little notes made out to me to make it very easy. He wrote down things of importance for my things.

I sincerely want to thank President, Sharon Hobbs for stepping in and helping me but more than that being a great compassionate friend when I knew I was in trouble, she eased my heart. I also want to tell all those that were sending me requests and never heard anything from me. If you are one of those, please email me at Switzeravva@gmail.com, and I will get them right out, I promise. I also want to thank Mokie Porter for calling me and just listening, what a sister.

We are still requesting that if you wish to have the Paper Safe, you make a donation for the postage, you can do that by sending it:

**Associates of Vietnam Veterans of America
Attention: Paper Safe
8719 Colesville Road
Silver Spring, MD 20910-3919**

Please do not forget to put your zip code on the Paper Safe Request form
