 - 2022 Greenville Leadership and Education Conference
 - 2022 California State Council
 - 2023 Region 6 Conference

Secondary PTSD Program vice-chairs, Wynella Bethards and Barbara Coan, actively promoted the program in their respective regions. They then established or restarted local support groups in those regions. Working together with myself, the Secondary PTSD

National Program Chair, Wynella and Barbara updated facilitator training and initiated a number of curriculum changes.

Although their appointments expire at the end of this term, I sincerely hope that Barbara and Wynella continue their association with the Secondary PTSD Program. Their contributions to the program are invaluable. As Program Chair, I can't thank them enough for their vision and their commitment.

Nina Schloffel

National Program Chair

Secondary PTSD
