

## AVVA Website Committee Report

October 2024

The website Has recently been revamped a bit, to make it more friendly to various screen sizes. Nothing can be perfect, but hopefully it is a little better.

We have gone through and corrected some issues that we felt were not ideal and added some new information. Take a look at the awards and leadership pages, for example, now that the conference is over. I have asked for but not received photos of the awards recipients from the AVVA luncheon. Hopefully we will get those soon. Any other information coming out of the conference that would be of interest to our members would be very useful.

The website has recently been updated to include information about the new Flag Etiquette Booklet and an order form for that booklet has been added. ([www.avva.org/USflag.html](http://www.avva.org/USflag.html) ). It is worth doing.

For those who do not know, there is an imbedded form that you can use to sign up for the National Information email list if you would like to be kept informed as to the information released by the national board of directors. This link can be found near the top of the News page ([www.avva.org/news.html](http://www.avva.org/news.html) )

The AVVA website contains a good deal of information for both AVVA and VVA. Below are a few of the pages that would be of most benefit to newer members, as well as all others.
