

# ***LEADERSHIP DEVELOPMENT REPORT***

## ***OCTOBER 2023***

As the new 2023-2025 term begins, the Leadership Development team will begin our first educational session with new board orientation to be held in Silver Spring, MD, during the National Board Meeting. This will be a two-part process with a budget workshop included, duties of the board member, report writing, election review, disciplinary procedure discussion, and several other topics.

AVVA plans to take advantage of free time on Saturday mornings during the National meetings to educate our Board on their duties as well as new subjects relevant to their position and influence. In turn, some of these subjects will be passed on to our membership.

The 2024 Leadership & Education Conference will be another challenge for L & D in that we must choose and develop a minimum of one seminar for the Conference. Stay tuned for more on that as our program develops.

Sharon Hobbs, President
