

Greetings from Region 5! Things have been pretty quiet over the winter months for our area. The activities continue, though, with Spring offering a sense of renewal to the causes. We have been in touch with each State to be ready to assist as needed. This summer I look forward to continuing to visit and learn about the causes important to each area. Each trip is a reminder that our members continue to be hands on, involved and sharing the word of our helpful programs.

Cordially,

Tony Gigli

AVVA Region 5
