

Region III Report

April 2024

I am happy to report that Region III grew by 19 members since last report. Region III held a conference the last of Feb. It was fairly well attended. A lot of good information came out of the conference. All incorporated chapters and the State have sent in their updated bylaws, and several have already held elections. I have a Heart and Soul award to be announced at the Leadership Conference. I am trying to keep the Region updated on all information.

Wynella Bethards

Region III Director
