

Region 5 Report

April 2024

Region 5 has been quiet over the cooler months, but I have been in touch with each state. Each one of us is looking forward to the spring and summer weather that allows for fun events and memorable activities in our respective states. As we look ahead, I will be going to the Indiana state meeting in May, and Ohio's meeting in June. I've also been in touch with the State Presidents reminding them of, among other things: submitting VISTA hours, holding state and chapter elections and to get the requisite paperwork turned in so no one is left behind

Tony Gigli

Director, Region 5
