

Region 5 Report

Our biggest and most successful impact in Region 5 has been with Paper Safes. I spoke about them at a Widows and Survivor seminar hosted by VVA 295 and have been handing them out and spreading the word about how it helps families in their time of need. Also took some to Kokomo and was able to talk with folks to hand out membership applications for folks to take and mail in. Also have promoted and been handing out our new flag brochure. It has received a lot of compliments. We also have been promoting the Molly Loomis Act. The stories shared from vets and family members are opening about their own children, and grandchildren, plights are now seeing the light of day. I am carrying their stories with the hope the movement started will continue to get this much needed research going. Traveled to Michigan for their AVVA State Council meeting and will be attending the Illinois AVVA State Council meeting.
